

K-LOVE is very important to me in so many ways. It allows me to start my day on a very positive note. It sends me positive thought from the bible each and every day. Live is difficult and I am extremely grateful for any positive input I can get.

Without K-LOVE the challenges in my life would be overwhelming and possibly impossible to handle!!

I need to know without a doubt that there are others like myself and people who TRULY CARE about me, my family and my problems.

K-LOVE gives me all I want and need!!

Thankyou,  
Suzanne
